RESISTANCE OF MALARIA VECTORS IN GREECE
THE SITUATION IN 1960

by

Professor George D. Belios
Director, Department of Malariology and Tropical Medicine
Athens School of Hygiene
Consultant to the Ministry of Social Welfare

In order to identify the areas in which tests for insecticide resistance in adult anophelines were carried out in Greece, June-October 1960, the attached column should replace the first column of Table II, page 13. This will enable the areas in Table II to be correlated with those of Table III, which shows the residual spraying history in Greece, 1946-1960.

	Area
1	Aloros
2	Anthili
3	Anthili
4	Asterion
5	Chalastra
6	Chalastra
7	Drakospilia
8	Dystos
9	Hagh. Athanassios
10	Kalamaki
11	Katchi
12	Koutson
13	Leimonas
14	Nisseloudi
15	Skala
16	Skala
17	Souli
18	Nissi
19	Photini
20	Poros
21	Agra
22	Karavas
23	Paliouri-Kastri
24	Skiada
